ADVANCED CLINICALS WITH CPOE

Vol. 1 – May 25, 2012

TIPS & TRICKS

FIND PATIENT

When using **Find Patient**, **do not use a space** between the first and last name; only use a comma. **Example: Smith,John**

Bulletin

FIND PATIENT – USING TYPE AHEAD

If you do not have the full last name available, enter as many letters as you know.

Example: Johnson? Or Johnston? Enter: Johns Enter at least three letters, but more letters are better.

VIRTUAL DESKTOP BRINGS TRUE MOBILITY TO YOUR PRACTICE

You can now take your iPad or MacBook on rounds with full access to patient information. Following login (about 30 seconds), you will see the same desktop that you would see at your facility. An embedded mouse function allows you to use your screen as an accurate track pad. And, with a 3G or 4G cellular connection, you can virtually direct your patient's care from anywhere you have cellular service. For more information, contact your Physician Support Coordinator.

DID YOU KNOW?

The **Workload** screen on the CPOE Physician Desktop is where providers sign orders or notes within CPOE.

Click the **Workload** button on the right to access the screen from the **Physician Desktop**.

CHANGING TEMPERATURE SCALE

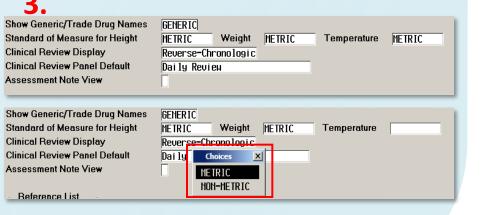

- 1. Select a patient from the list.
- 2. Select the **Order** button at the bottom of the screen.
- 3. Select the **Preferences** button at the bottom on the right side of the screen.

Big Tip of the Day...

Viewing Lifetime Microbiology Results

To view the lifetime summary results of a microbiology procedure or specimen collection, follow the steps below:

1. From **Clinical Review**, click **Microbiology**. The initial screen shows test results for this visit only – in reverse chronological order.

Monday	Tuesday	Wednesd	ay Thursday	Friday 24	lour	•	Pt Summary Special Panel Daily Review	
Vital Signs							Order History	
	Темр (F)	Pulse	Respirations	Blood Pressure	Pulse Ox		Vital Signs	
Jun 10 12:31		72	17	137/49				
Jun 10 12:01		71	13	110/37				
Jun 10 11:31			16	98/59			LAB	
Jun 10 11:01		73	11	91/31			Microbiology	
Jun 10 10:49		74	14	105/31			Blood Bank	
Jun 10 10:31		82	18				Pathology	
Jun 10 10:01		77	12	113/42	99		Medications	
lun 10 00:01		00	10	111721	02		Impaina	

2. Click Lifetime Summary (A), then click Source/Desc (B) of the result you want to view.

	Pt Summary
	Special Panel
Selected Visit Lifetime Summary	Daily Review
